INTERNSHIPS

EY Global Delivery Services & AITE, February 2025 - March 2025

- Learning Full Stack

Edunet Foundation, February 2025 - March 2025

- The EY GDS Next Gen Internship is structured to support individuals in developing essential foundational skills needed for productive careers in the IT sector. Participants have the opportunity to earn credentials and benefit from guidance provided by industry experts, all at no cost throughout the duration of the program.

PROJECTS

Responsive Task Manager, November 2025 - December 2025

- Built a task management web app to create, update, and track tasks with deadlines and status.
Implemented features like add/edit/delete tasks, task categorization, and progress tracking.
Ensured mobile-friendly responsive design using React.js and modern CSS.

Zomato clone , February 2025 - March 2025

- Developed a food delivery web application replicating Zomato features using MERN stack.
Implemented user authentication, restaurant listing, menu browsing, cart management, and order placement.
Designed a responsive UI with React.js and integrated back-end services using Node.js, Express.js, and MongoDB.

Recipe Sharing, February 2025 - March 2026

- -Built a full-stack Recipe Sharing application using MongoDB, Express.js, React.js, and Node.js.
-Implemented user authentication, CRUD operations, and RESTful APIs with a responsive React-based UI.
